Dear Subscriber:

We hope you are enjoying the articles in the Summer 2009 edition of Kentucky Afield magazine.

We would like to clarify the intent of the article entitled "Deer Season 2029" by Tina Brunjes, and apologize for any confusion this may have caused. The ideas presented in the article are thoughts shared with us over the last few years, and none of the "Suggestions for Change" are positions endorsed by the department or the Commission. The article's intent is to stimulate public involvement as we design the deer management plan for the next 20 years.

We have already heard from many hunters who are passionate about Kentucky's deer herd. If you haven't already, we hope you'll take a moment to read the article and email us your thoughts about deer hunting in Kentucky in the future, and any other ideas or suggestions you might have about deer management in the Commonwealth.

Sincerely,

A handwritten signature in black ink, appearing to read "Jonathan Gassett".
